ASSISTANT SECRETARY TO GOVT. 19 OCT 1954 HEALTH, EDUCATION & LOCAL ADMIN. DEPT.

Subject:- Extension of the Anatomy Act to new areas for provision of unclaimed dead bodies for the Medical College.

With reference to your letter No.61210-G/54 dated 8-10-1954, I have to submit that more and more dead bodies will be required hereafter for our college. I am attaching herewith a tabulated statement of dead bodies which we have received last year and during the 4 months of this year. It will be evident from it that last year, in the first 4 months from July to end of October, we received 27 bodies from Mangalore and 5 bodies from Udipi, making a total of 32 whereas for the 4 months this year, we have received only 5 bodies from Mangalore and 6 bodies from Udipi, making a total of 11. There has been a sudden fall in the supply of dead bodies from Mangalore.

As we are admitting 120 students each year, the number of dead bodies available for the dissection purposes, if the present state of affairs prevails, will not be sufficient. It is, therefore, earnestly requested that the Anatomy Act be extended to the hospitals at Moodabidri, Karkala and Coondapur areas. We will arrange to transfer the van from Mangalore to Karkala to bring the dead bodies straight here or we are prepared to send our technician to give the preliminary injection of formalin with glycerine and bring the dead bodies here.

As a Cold Storage for 10 to 20 bodies is being arranged in the new mortury at Mangalore, we hope that there will be a greater supply of bodies from Mangalore also to overcome this difficulty. We will maintain a technician for injecting the dead bodies at Mangalore.

Therefore, kindly request the Government to extend the Anatomy Act to at least areas of Karkala and Coondapur in order to provide us with a sufficient number of dead bodies.

Thanking you,

Yours faithfully,

(T.M.A.Pai)
